

To make the design I created do the following:

Plot these points and draw a straight horizontal line from them

1.  $Y = -9$

2.  $Y = 9$

Plot these points and draw a straight vertical line from them

3.  $X = 9$

4.  $X = -9$

Plot these points and draw a straight diagonal line from them

5.  $Y = 1x - 3$

6.  $Y = 1x - 9$

7.  $Y = 1x + 3$

8.  $Y = 1x + 9$

9.  $Y = 1x - 9$

10.  $Y = 1x - 3$

11.  $Y = 1x + 3$

12.  $Y = 1x + 9$
